Session I. Free Paper Presentation of MISS

Moderator: Sang Gu Lee (Gachon Univ.), Yong Ahn (Gachon Univ.)

Congratulations Address

Welcome Address

1. A Single Centre Experience in Managing Radiologically Occult Chiari Malformations: Our Trials and Tribulations
   K.Palaniandy

2. Percutaneous Endoscopic Anterior Cervical Discectomy, Percutaneous Endoscopic Anterior Trans-Corporeal Decompression, and Percutaneous Endoscopic Cervical Foraminotomy
   Zenya Ito

3. Clinical and Radiological Results of Percutaneous Stenoscopic Lumbar Decompression
   Nurbyek Baban

4. Surgical Treatment of Lumbar Spine with Percutaneous Plasma Nucleoplasty
   Shatarsunov Shomansur

5. Full Posterior Endoscopic Stenosis Cervical Decompression (ESCD) by Outside-in technique for cervical spondylotic myelopathy
   Trianggoro Budisulistyo

6. Cross Link-Laminar Hooks And Central Rod Technique (CHART) Construct in Reduction of Fixation of Revision of Proximal Junction Kyphosis at the Upper Thoracic Curve. a Case Series Review and Literature Review of Osteotomy Closure Techniques
   Pang Hung Wu

7. Huge Lateral Dural Tear Treated by Fibrin Sealant Patch Application During Endoscopic Transforaminal Lumbar Interbody Fusion
   ahidjo abdulkadir kawu

8. Giant Sacral Tarlov Cysts: Report of Three Cases and Literature Review
   Yadhu Kasetti
Session II. Scientific Basis of Minimally Invasive Spine Surgery

Moderator: Jae-Won Doh (Soonchunhyang Univ.), Seung Myung Lee (Chosun Univ.)

1. History of MISS Focus on Fusion
   - Jeong Yoon Park (Yonsei Univ.)

2. History of MISS Focus on Decompression / Discectomy
   - Choon Keun Park (Wiltse Memorial Hosp.)

3. How to Reduce the Complications of Full Endoscopic Lumbar Discectomy
   - Chang Il Ju (Chosun Univ.)

4. The Validation of MISS Based on Published Evidences
   - Kyung-Chul Choi (The Leon Wiltse Memorial Hosp.)

5. Anatomical Difference of Oneportal / Biportal Endoscopic Spinal Surgery
   - Heeseok Yang (Seoul Barunsesang Hosp.)

6. Anatomical Basis of Minimally Invasive Fusion Surgery (OLIF, TLIF)
   - Jung-Woo Hur (Catholic Univ.)

Discussion

Coffee Break
### Session III. Moving from Proficient to Expert for Endoscopic Spine Surgery

**Seong Hoon Oh (Pohang Wooridul Hosp.), Chun-Kun Park (Good Doctor Teun Teun Hospital)**
